EDUCATION

Yonsei University

Mar, 2022 – Feb, 2024

M.S in Geological Science

Thesis: A study on relationship between water temperature and ripple size in sand bed: Flume experiment

Kangwon National University

Mar, 2015 – Feb, 2021

B.S in Geology

GPA : 4.39/4.5

Related Coursework:

Geology:

General Earth Science & Lab 1 and 2, Historical Geology & Lab, Hydrogeology & Lab, Paleontology & Lab, Stratigraphy, Mineralogy & Lab, Petroleum Geology, Natural Resources Information Analysis, Economic Geology & Lab, Sedimentary Geology & Lab, Igneous Petrology & Lab, Structural Geology & Lab, Geochemistry & Lab, Optical Crystallography & Lab, Quaternary Geology, Metamorphic Petrology & Lab

Geophysics:

Introduction to Geophysics, Introduction to Geophysical Exploration & Lab, Seismic Exploration, Interpretation of reflection data for petroleum exploration, Applied Geology & Lab, Rock Mechanics & Lab

FIELD EXPERIENCE

- Taebaek, Republic of Korea
 - Samcheok, Republic of Korea
 - Hongcheon, Republic of Korea
 - Yangyang, Republic of Korea
 - Yanggu, Republic of Korea
 - Goseong, Republic of Korea
 - Jeodo, South Sea, Republic of Korea
-

WORK EXPERIENCE

Yonsei University

Teaching Assistant (TA)

- *Essentials of Geology & Lab, (Introduction of Earth Science)* Sep, 2022 – Dec, 2022
- *Sedimentary Petrology* Mar, 2022 – July, 2022

Yonsei University

The Morphodynamics and Quantitative Stratigraphy Lab

July, 2021 – Jan, 2022

Internship

Kangwon National University

Sedimentology Lab

June, 2020 – Dec, 2020

Research Assistant

- Construction of Geological resource research data set
 - Northeast China Sea 2D/3D Geophysical exploration
-

AWARDS/HONORS

AWARDS: President's Award, Kangwon National University.
Dissertation Fellowship, Yonsei University.
