EDUCATION

Mar 2021 ~ B.S. in Earth System Science, Yonsei University, Seoul, Korea

Relevant Academic Courses:

Geology :

Introduction to Earth System Science, Environmental Earth Science and Labs, Sedimentary Petrology, Mineralogy & Laboratory, Introduction to Geochemistry, Interior of the Earth, Environmental geochemistry and Water chemistry, Basic Mechanics in Geological Sciences, Field Geology & Laboratory, Igneous Petrology

Mathematics :

Calculus & Vector Analysis(1)&(2)

Physics :

General Physics and Laboratory(1)&(2), Heat transfer

Chemistry :

General Chemistry and Experiment (1), Electrochemical Engineering

FIELD EXPERIENCES

Nov 2022 Taebaek, Gangwondo, Republic of Korea

OTHER EXPERIENCES

Mar 2025 ~ Yonsei Energy & Environmental Economical Forum

Mar 2025 ~ Dec 2025 Seoul Youth Carbon Neutrality Project

Sep 2025 ~ Industry – Academia Cooperation with Korea Hydro & Nuclear Power Co.,Ltd

RESEARCH EXPERIENCES

Sep 2025 ~ Undergraduate Intern, Morphodynamics and Quantitative Stratigraphy Lab, Yonsei University, Seoul, Korea

SCHOLARSHIP

Sep 2025

Jilli(High-Academic Performers) Scholarship, Yonsei University, Republic of Korea
